

Apply to be part of our member showcase

We are delighted that, along with the return of our in-person annual conference and exhibition at the ACC Liverpool on 16-17 November this year, our member showcase, *Providers Deliver Live*, will also return as part of our exhibition area.

This year, *Providers Deliver Live* will shine a light on some of the outstanding, innovative work trusts are doing to deliver high-quality care, in a time like no other.

As always, this is your showcase and all the stands will reflect the incredible work that has happened across sectors, across the country this year. We want to hear from you about any innovations, projects or case studies that have made a real difference to your staff, patients, carers, service users or wider community over the last year. We're particularly interested on hearing about your experiences that reflect our wider conference theme of **Together**.

Do you have examples of how collaboration at your trust has made a real difference on the frontline? Has system working allowed you to work across your locality more effectively? We'd especially like to hear from trusts as well that are able to provide a demonstration or interactive element as part of their stand.

If that sounds like some of the work you've been doing and you'd like the chance to exhibit as part of *Providers Deliver Live*, please complete this application form and return it to us at providersdeliver@nhsproviders.org (or simply click the submit arrow at the end of this form) by **Friday 3 September**.

Along with the application form, please include:

- a high-resolution trust logo
- an image (or images) that support your entry
- any other supporting visual or interactive materials.
